Personal Profile

I am proactive with a problem solver attitude, self-motivated to learn new technologies and techniques. I have a critical eye for design and a real passion for clean code. Professionally driven with the ability to work under pressure on multiple concurrent projects and deliver quality work to deadlines. Able to analytically solve problems, keep ahead with current best practices and quickly learn new skills. An effective team member with excellent technical and communicative skills, I can bring an enthusiastic approach to any working environment.

01/2009-07/2011 MOD – Corporal – Satu Mare/Romania**Hobbies:**

I enjoy cooking and going to gym. I do believe that health is very important in order to be able to be focus and achieve performance.

I enjoy traveling , to be able to see new places and cultures.

Psychology is a very important piece for me as well. I enjoy reading books that are related to this subject. Also human behaviour and self-developing are topics that I enjoy.

Shopping, fashion and watches are another part of my hobbies.
